

International Waters: Learning Exchange and  
Resource Network (IW:LEARN)

## GEF IW Questionnaire

(please submit to [mark.smith@iucn.org](mailto:mark.smith@iucn.org))

Questionnaire regarding participation in the planned IW-Learn workshop on the application of economic valuation to water-related decision-making

Each participant must complete the following questionnaire:

Name:

E-mail:

**1. PROJECT TITLE** - What is the title of the relevant project of which you are associated? (Include the project's unique implementing Agency code and/or GEF ID, if applicable.)

**2. PROJECT DESCRIPTION** - Briefly summarize the project's objectives, expected outcomes and timeframe (from Project Document or elsewhere). If your association with the project pertains to a specific project activity, please describe that activity as well.

**3. DESCRIPTION OF ISSUE(S), CHALLENGE(S) AND EXPERIENCE** - Provide a concise description of (a) the transboundary waters management issue(s) the project addresses and (b) how the issue(s) are addressed through specific actions by the project.

**4. RELEVANT EXPERIENCES** - Briefly describe your area(s) of expertise and experience with respect to (a) water-related decision-making and (b) economic valuation of environmental goods and services.

**5. RELEVANT USE** - Briefly describe either (a) a practical example from your project of using economic valuation in decision-making, or (b) an example of how you think the project could benefit from application of economic valuation to a specific issue in the future.

**6. CONCEPTUAL QUESTION** - Imagine a river basin as a business. What are its products? Who are its customers and how do they pay for the products they receive?

**7. FURTHER PERTINENT INFORMATION** - Please provide us with any further pertinent information regarding your participation.

Thank you for your interest in this workshop and for your time and effort to complete this questionnaire so that we can tailor this workshop to provide an opportunity to share your experience and to address your learning needs and interests.
